

4 REASONS ADVANCE PRACTICE REGISTERED NURSES (APRNs) MAKE SENSE FOR MICHIGAN

01 THEY ARE CREDIBLE

APRNs are licensed health care professionals, and must have a post-graduate degree; pass a national certification exam; fulfill continuing education requirements on an annual basis; and maintain national certifications and state licensure.

THEY ARE ACCESSIBLE

02

Every year, Americans make more than 600 million visits to nurse practitioners alone. That number will steadily grow as fewer physicians choose to practice primary care.

03 THEY ARE AFFORDABLE

Decades of research indicate that APRNs provide high quality, cost-effective health care services.

THEY ARE ACCOUNTABLE

04

APRNs are independent, licensed clinicians who, like physicians, are accountable for the care they provide.
